

4D Function

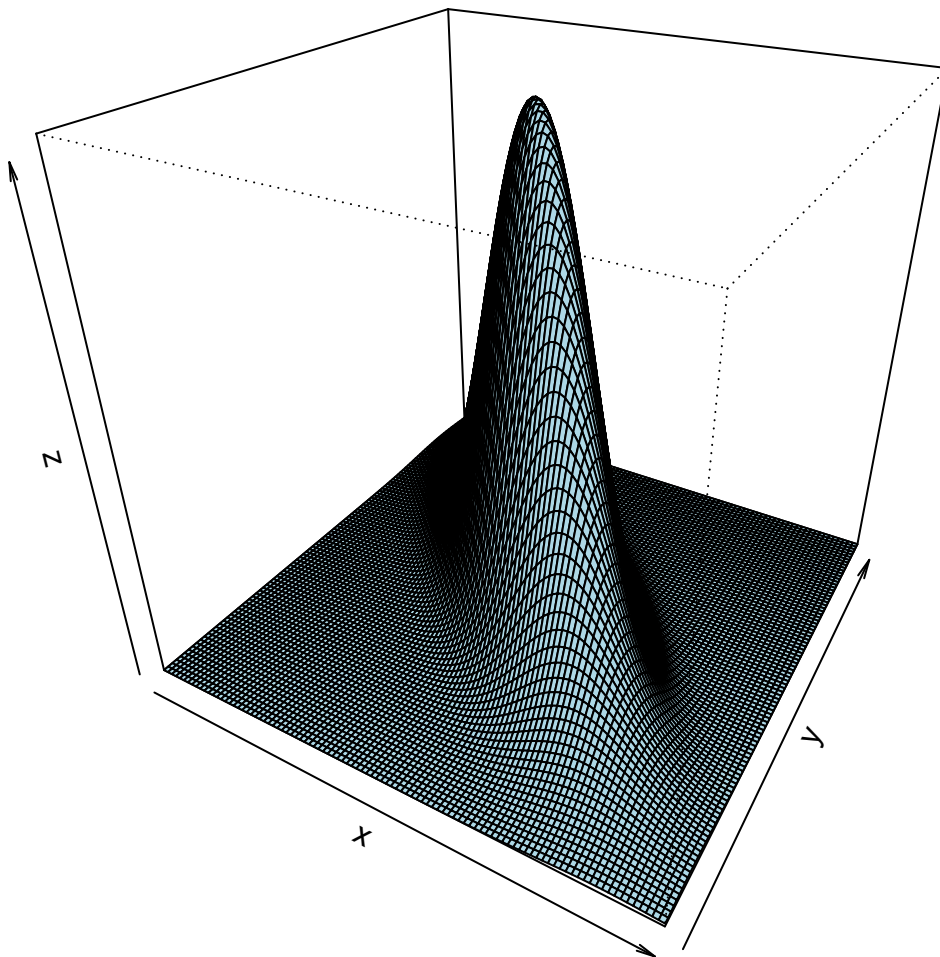

Standard Bivariate Normal Distribution

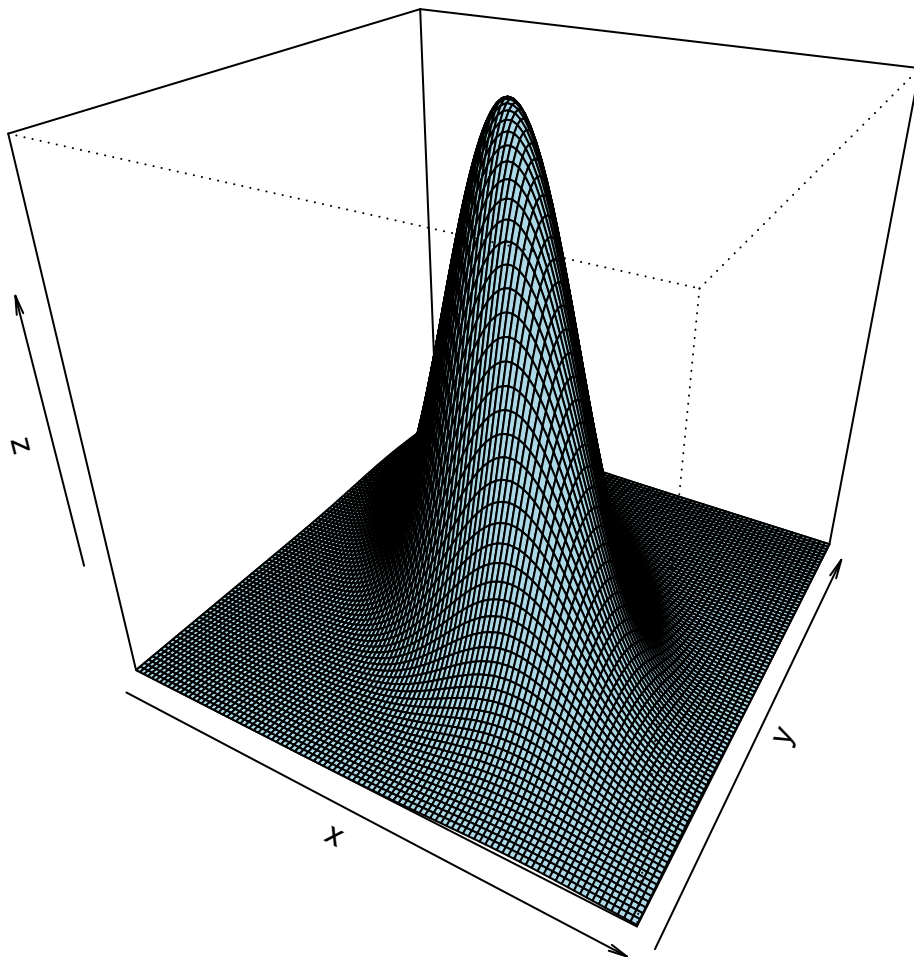

Bivariate Normal Distribution with Correlation = -0.99

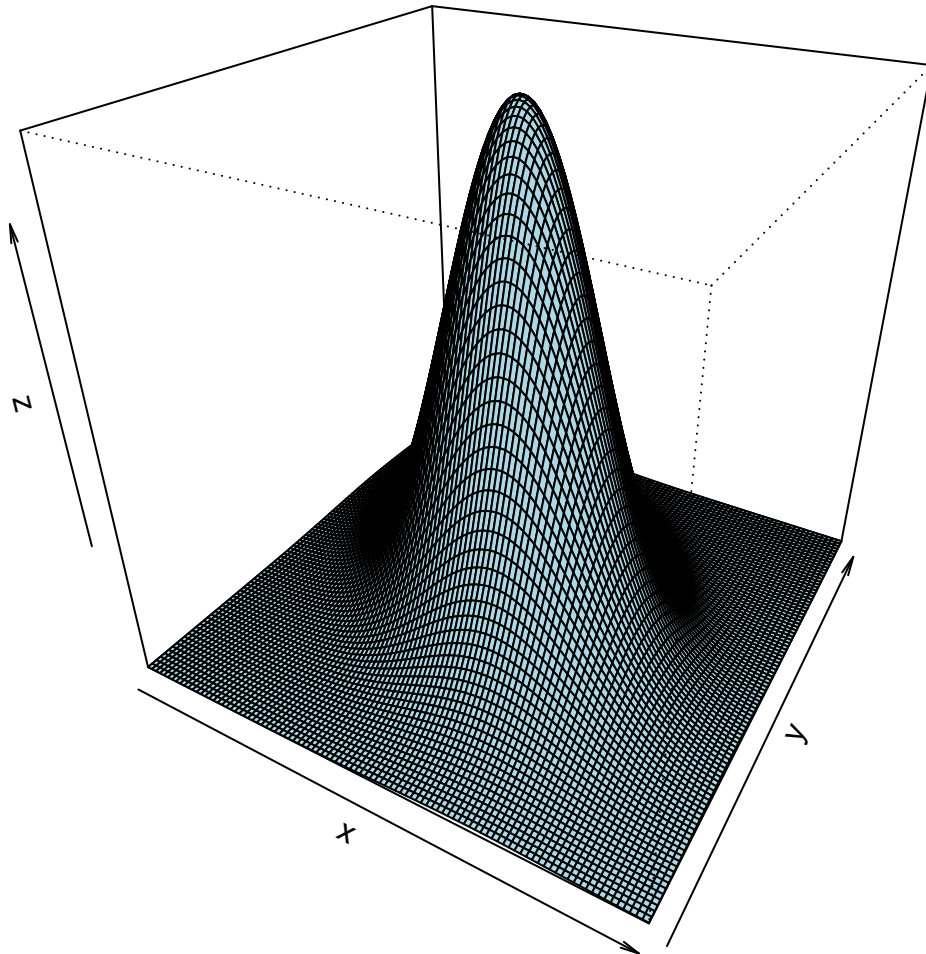

Bivariate Normal Distribution with Correlation = -0.79

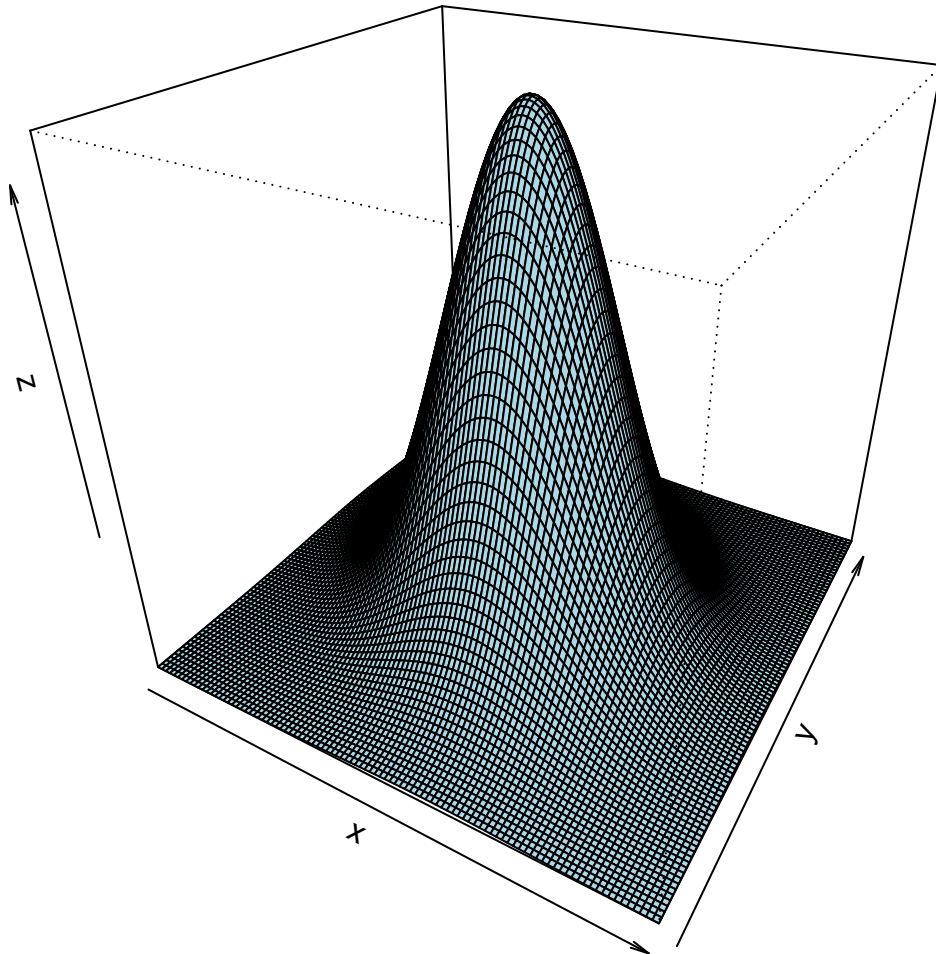

Bivariate Normal Distribution with Correlation = -0.59

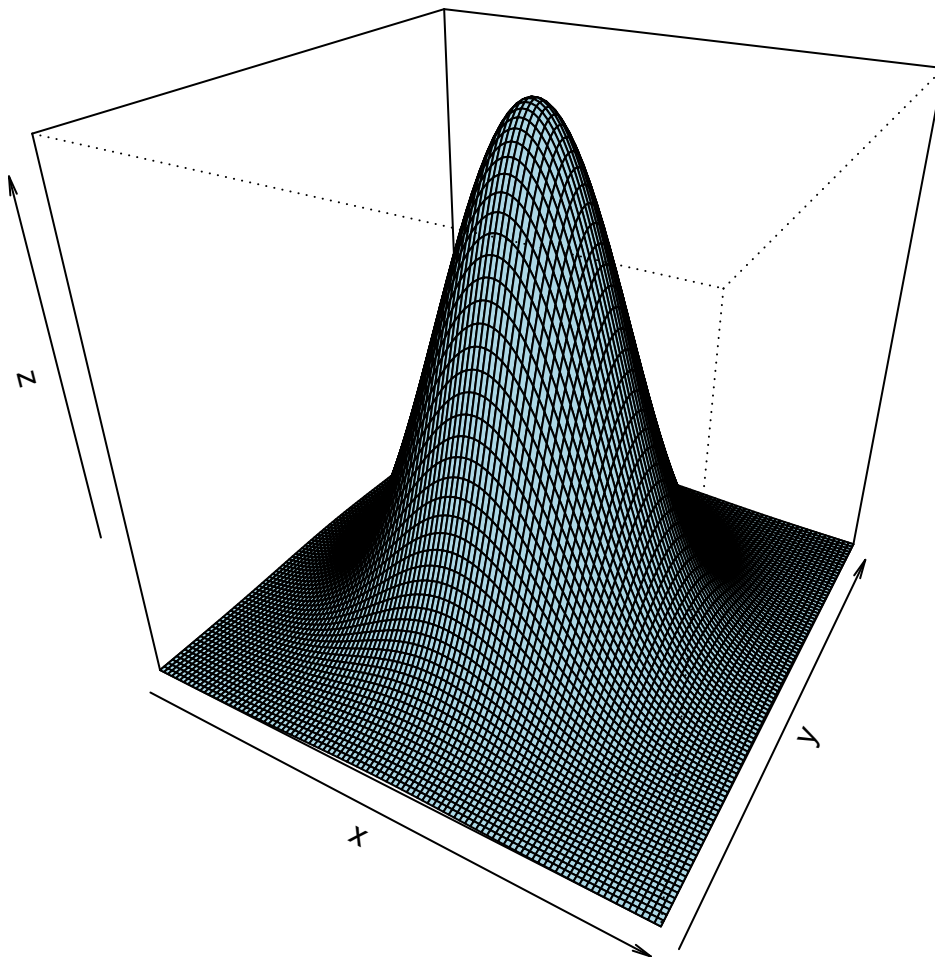

Bivariate Normal Distribution with Correlation = -0.39

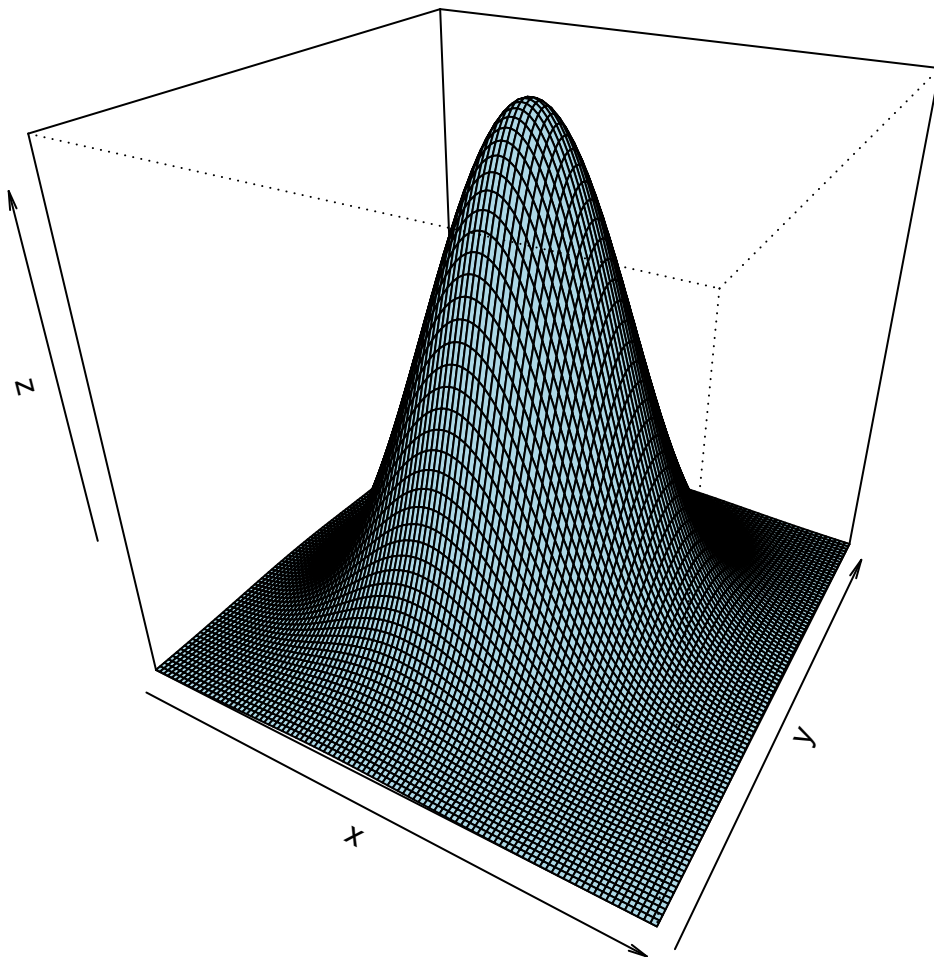

Bivariate Normal Distribution with Correlation = -0.19

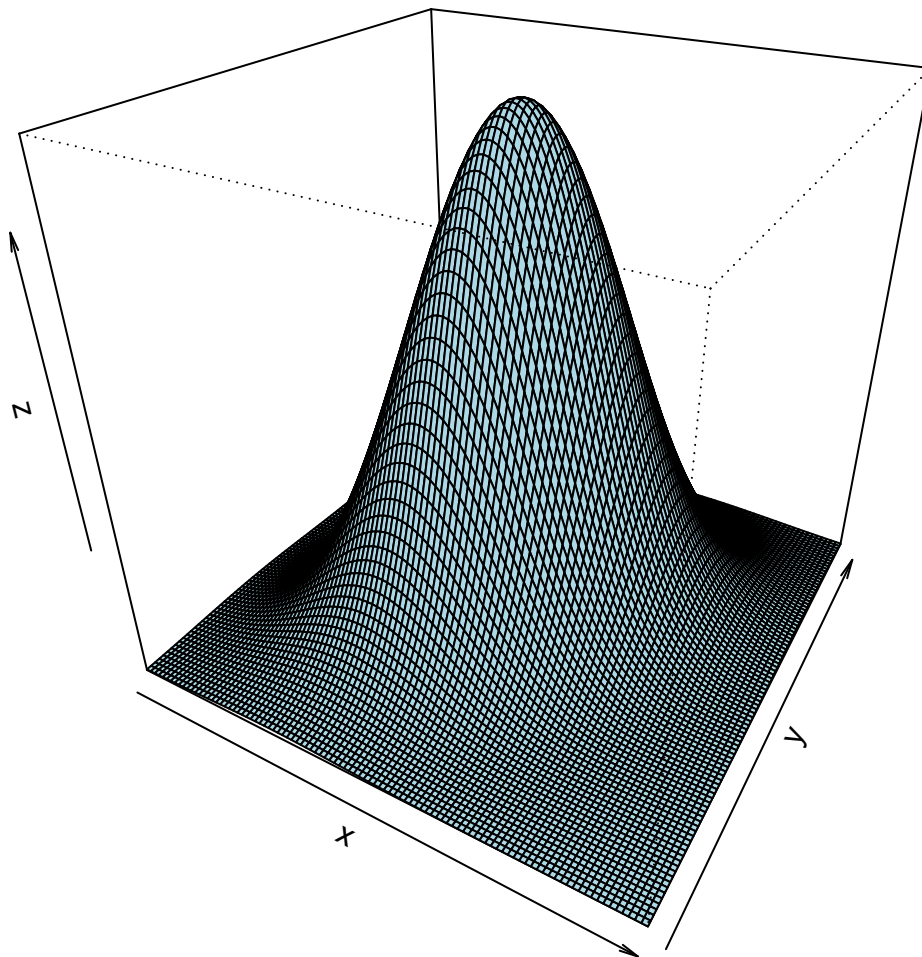

Bivariate Normal Distribution with Correlation = 0.01

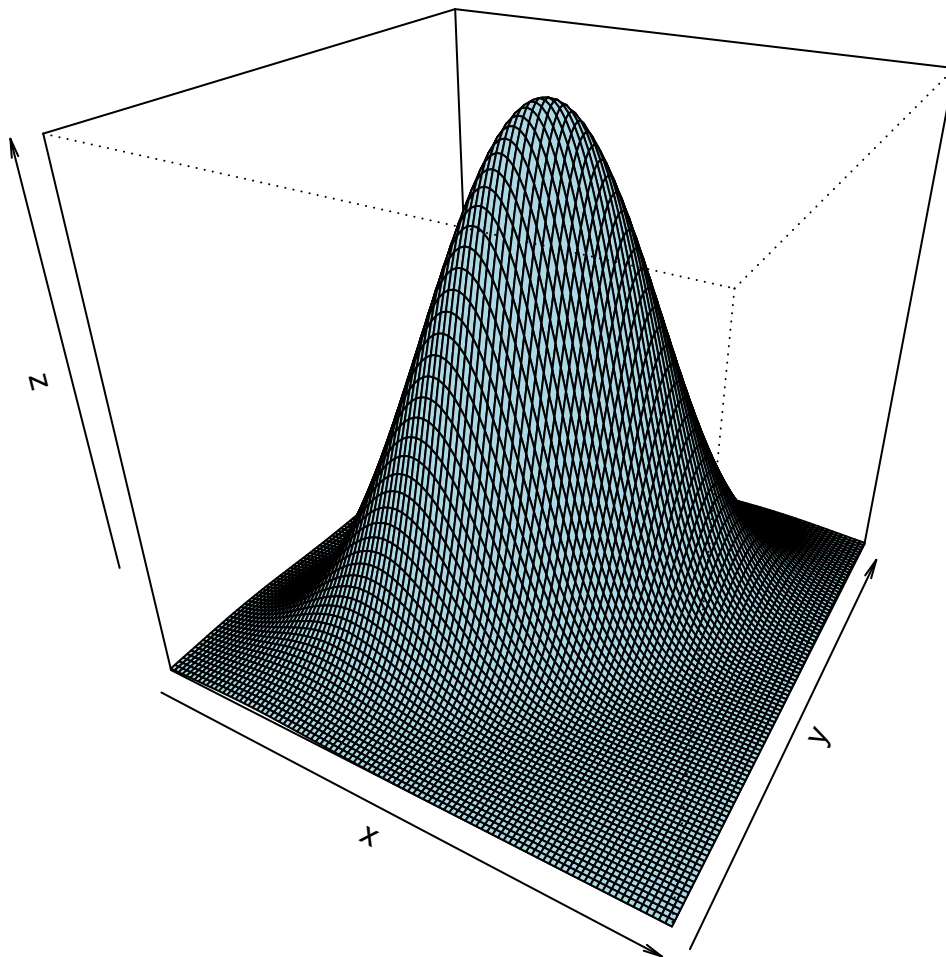

Bivariate Normal Distribution with Correlation = 0.21

Bivariate Normal Distribution with Correlation = 0.41

Bivariate Normal Distribution with Correlation = 0.61

Bivariate Normal Distribution with Correlation = 0.81
